**Subject:** MUP 12-025 Sol Orchard Boulevard Solar Facility

Good morning Mark,

As we discussed on Friday our project in Boulevard is dead, at least in its previous form. The Power Purchase Agreement with SGD&E has already been terminated. We are working on a potential alternate project for the same site, but the size, scale, scope, and use would be different so at this point we need to withdraw MUP 12-025 for the 5MW Solar Facility. Please kindly close the project and return to us what funds remain on deposit after final hours are tallied.

We hate to shut down another one but that's just the way it worked out. Thanks very much,

**Will Pritchard**
